## Chapter 6. QUALIFICATIONS AND CLASSIFICATION

The qualifications given by the judges in the baby class and puppy class must correspond to the following definitions:

- **VERY PROMISSING** may only be awarded to a boxer which comes very close to the ideal standard of the breed, which is presented in excellent condition, displays a harmonious, well-balanced temperament, is of high class and has excellent posture. Its superior characteristics in respect of its breed permit that minor imperfections can be ignored; it must however have the typical features of its gender.
- **PROMISSING** may only be awarded to a boxer that possesses the typical features of its breed, which has well-balanced proportions and is in correct condition. A few minor faults may be tolerated. This award can only be granted to a boxer that shows class.
- **SUFFICIENT** is to be awarded to a boxer that possesses the main features of its breed. The good points should outweigh the faults so that the boxer can be considered a good representative of its breed.
- **NOT PROMISSING** should be awarded to a boxer which corresponds adequately to its breed, without possessing the generally accepted characteristics or whose physical condition leaves a lot to be desired.

The qualifications given by the judges in the youth class, young boxer class, intermedia class, open class, working class, champion class and veteran class must correspond to the following definitions:

- **EXCELLENT** may only be awarded to a boxer which comes very close to the ideal standard of the breed, which is presented in excellent condition, displays a harmonious, well-balanced temperament, is of high class and has excellent posture. Its superior characteristics in respect of its breed permit that minor imperfections can be ignored; it must however have the typical features of its gender.
- **VERY GOOD** may only be awarded to a boxer that possesses the typical features of its breed, which has well-balanced proportions and is in correct condition. A few minor faults may be tolerated. This award can only be granted to a boxer that shows class.
- **GOOD** is to be awarded to a boxer that possesses the main features of its breed. The good points should outweigh the faults so that the boxer can be considered a good representative of its breed.
- **SUFFICIENT** should be awarded to a boxer which corresponds adequately to its breed, without possessing the generally accepted characteristics or whose physical condition leaves a lot to be desired.
- **DISQUALIFIED** must be awarded to a boxer which does not correspond to the type required by the breed standard; which shows a behaviour clearly not in line with its standard or which behaves aggressively; which has testicular abnormalities; which has a jaw anomaly; which shows a colour or coat structure that is not according to the breed standard or clearly shows signs of albinism. This qualification shall also be awarded to boxers that correspond so little to a single feature of the breed that their health is threatened. It should furthermore be awarded to boxers that show disqualifying faults in regard to the breed standard. The reason why the boxer was rated **DISQUALIFIED** has to be stated in the judge's report.

Boxers that cannot be awarded one of the above qualifications shall be released from the ring with the rating:

- **CANNOT BE JUDGED**. This rating is to be given to any boxer which does not move, which is lame, which constantly jumps up and down on its handler or tries to get out of the ring, which makes it impossible to assess the gait and the movement or avoids constantly to be examined by the judge and makes it impossible to inspect teeth, anatomy and structure, tail or testicles. This rating is also to be given if traces of operations or treatment can be observed which seem to indicate that the exhibitor wanted to deceive the judge. The same applies if the judge has ample reason to suspect operations that were intended to correct the original condition or feature (e.g.: eyelid, ear or tail). The reason why the boxer was rated **CANNOT BE JUDGED**

has to be stated in the judge's report.

The four best boxers in each class are to be classified, if they have been awarded with at least the qualification "VERY GOOD" (or "PROMISING" in baby and puppy class) and will be nominated for the honour ring.

## **Chapter 8. OBLIGATIONS OF THE ORGANIZERS AND JUDGES**

The topics regarding the judges rights and obligations but also ATIBOX World Boxer Show organizers obligations are minociously described in the document „ATIBOX regulations for show judges“, yet some major topics are defined here as well.

Only a qualified judge is authorized to make decisions regarding the awarding of qualifications, classification and ATIBOX World Winner title. In this respect, he is obliged to do so without outside help and/or interference by anybody else. Judging of boxers may be made only by the judges from member countries, who in their national canine organizations have acquired the ability to judge the breed boxer and were placed on the list of ATIBOX judges, published on official ATIBOX webpage and/or on the list of FCI judges. While on assignment, they are obliged to judge strictly and exclusively in accordance with the FCI breed standard that is currently valid.

Judges from countries who are not members of the ATIBOX, but are members of the FCI and are authorized to judge at FCI shows, can judge only in the case when the national kennel organization to which they belong, is linked with contractual agreements with FCI or with other arrangements.

Judges from countries which are not members of the ATIBOX should carefully and suitably earlier read the „Regulations of FCI Shows“, „ATIBOX World Boxer Show Regulations“, and „ATIBOX Regulations for Show Judges“ as well as other relevant legal and procedural issues. Responsibility of the national canine organization of the country in which the show is held is to provide the judges with any additional material in a timely manner, if necessary.

### **a. Inviting judges**

For the ATIBOX World Boxer Show the international judges ought to be carefully selected. At the World Show organiser is obliged to invite eight judges from at least seven different countries. This requirement is mandatory in order to obtain approval for the organization of the ATIBOX World Boxer Show.

Each of the eight judges shall award only one of the eight major titles, that include four ATIBOX Junior World Winners, and four ATIBOX World Winners, meaning that the judges who are going to award ATIBOX Winner titles on a second day, will judge baby and puppy classes in the same gender and colour on a first day, while the judges who are going to award ATIBOX Junior Winner titles on a first day, will judge intermedia, open and veteran classes in the same gender and colour on a second day.

The ATIBOX member countries clubs organizing the ATIBOX World Boxer Show/other ATIBOX event should only propose the judges from the ATIBOX judges list to the ATIBOX presidium. The invitations for the ATIBOX World Boxer Show are only valid and official if previously approved by ATIBOX presidium; otherwise the invitations are considered to be unofficial and not valid. After approval of the judges on the forthcoming show the ATIBOX Presidium sends to the organizing club the approved list of the Judges. The Presidium reserves the right to intervene in the list of judges.

The duty of the organizing club is to announce the names of the judges in advance as well as to announce the classes of boxers that will be appointed to the judges at the ATIBOX World Boxer Show in advance, including the official ATIBOX webpage. The webpage of the ATIBOX World Boxer Show must be linked by official ATIBOX webpage. Any webpage without the above mentioned link is to be considered as unofficial.

The organisers of shows must send a written invitation to the judge. The judge is obliged to advise the organisers, in writing, about his accepting or refusing the invitation. He should always carry out his obligations to act as a judge unless prevented for an important reason. If the judge is unable to meet his obligations for any important reason, the organiser of the show must be informed immediately by telephone, fax or e-mail. The cancellation must be confirmed by letter.

Equally, the organiser of a show is also bound to keep to his invitation. Cancellation is only permitted for reasons of „force majeure“ or by mutual agreement with the judge. Should the organisers of a show be forced to cancel the event, or the judging appointment of a particular judge, they are obliged to refund to the judge the costs that have already been incurred. If a judge, for any reason other than „force majeure“, is not able to meet his obligations to officiate as a judge, he is obliged to pay for any extra costs that may have already been incurred.

The judges are herewith counceled to sign up a travel insurance contract (flight cancellation, accidents etc.), whenever they are invited to judge abroad.

### **b. Providing the information to the judges**

A judge must be informed well in advance about the classes and number of boxers he/she is scheduled to judge, as well as his/her duties in the ring of honour.

A judge should not be expected to judge more than approximately 25 boxers per hour and up to 150 boxers per day including the obligatory writting of individual written report for each boxer. The judges and the national club organizing the ATIBOX World Boxer Show though can increase or decrease slightly number of boxers by mutual agreement.

If the number of boxers is increased a judge must be informed and express consent, otherwise additional judges must be engaged, after the approval of ATIBOX Presidium.

**c. Rights of the judges and obligations of the organizer**

The show organization or the inviting club must look after the judge, according to previous agreement, from the time of his arrival in the country where he is judging until the time of his departure; this normally includes the day before and the day after the show where he is officiating as a judge.

A judge has to be provided with reasonable accommodation during his appointment, which may also include the night before and the night after the show, according to the judge's travel arrangements. All judges should be accommodated at the same place.

It is the responsibility of the organizer to provide the accommodation for ATIBOX presidium members at the same facility where the judges are accommodated, and to provide all other premises required for accompanied ATIBOX activities.

Judges are free to make other private arrangements with show organisers, which may differ from those above mentioned. However, when such personal arrangements have not been made, judges must be provided with the minimum of benefits mentioned above.

It is advisable that all arrangements, including financial be laid out in advance in the form of a written contract or agreement between the judge and the show organiser; it has to be honoured by both parties.

**d. Restrictions for judges prior to the show and at the show**

The judge appointed to judge at ATIBOX World Boxer Show may not accept to judge the boxers of the same colour, sex and classes on other shows that he/she is appointed to judge at ATIBOX World Boxer Show at least six months prior to ATIBOX World Boxer Show.

It is forbidden to judge to travel or arrive to the show in the company of the exhibitor, which boxers he will judge, and to socialise or stay with the exhibitors prior to the ATIBOX World Boxer Show.

For this reason, the organizer may not delegate any of the persons showing boxer to take care for a judge prior to the judging of boxers, or organize his residence in the house of the exhibitor.

A judge is not permitted to consult the catalogue of the show before or during his judging. For this reason, the organizer can not share the catalog with judge before the end of the show.

**e. Duties of the ATIBOX World Boxer Show organization committees**

The show organization committees should have knowledge of the contents of the "ATIBOX World Boxer Show Regulations", and "ATIBOX Regulations for Show Judges", and should respect these regulations. The organizers of the ATIBOX World Boxer Show must prepare ring of honour, which should be so big that it is possible to judge all boxers.

Organisers should provide exhibitors an easy access to the main ring. If, during the show additional events are held, they may not in any way impede the show.

#### **h. Ring personnel**
